2021 School Accountability Report Card

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at www.cde.ca.gov/ta/ac/sa/

For more information about the LCFF or the LCAP, see the CDE LCFF web page at www.cde.ca.gov/fg/aa/lc/

For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2021-22 School Overview

School

Located at 9303 Prospect Avenue, Santee, CA 92071, PRIDE Academy at Prospect Avenue School is one of nine elementary schools in the Santee School District serving a population, which ranges from transitional kindergarten through eighth grade and who are served by a dedicated staff. PRIDE also hosts a State Preschool. The district is located in the eastern portion of San Diego County, approximately 20 miles inland. PRIDE Academy is located on the western boundary of Santee, and is truly a neighborhood school, surrounded by single family dwellings, apartments, condominiums, Navy and Section 8 housing. Our working parents are employed in the San Diego area. Approximately 15% are military personnel. Economic indicators suggest that Prospect is located in a lower socioeconomic class community with 49.5% of our students receiving free or reduced lunches.

Goals

PRIDE Academy inspires students to become compassionate global citizens, equipped to collaborate, think critically and communicate effectively within a society that continues to evolve. Our focus as a Title 1 school is to assure appropriate access to learning for all students through project-based learning and lessons that support district and school goals. The district goals include:

1. Raise mastery of reading and writing grade level literacy standards with annual, incremental growth of at least five percentage points resulting in 90% mastery by June 2023.
2. Raise percentage of students feeling safe or very safe at school with annual, incremental growth of at least seven percentage points resulting in 100% of students feeling safe by June 2023.

To meet these goals, PRIDE has established school goals that drive instructional decisions and professional development on campus:

1. Academics and Student Engagement: How do we set meaningful learning intentions and success criteria to develop self-capable learners?
3. School Connectedness: How do we adjust and improve our Positive Behavior Intervention Systems (PBIS) to increase students' feeling of safety on campus?

Programs

PRIDE Academy prioritizes professional development for teachers to make gains towards the school and district goals. In addition to district provided trainings, PRIDE Academy offers teachers 27 hours of professional development. In addition, teachers plan with their peers and teammates on a weekly basis and meet regularly with administration and counselors to address the social emotional concerns of students. Staff currently uses PBIS, Safe School Ambassador tools, Second Step, and community circles to address misbehavior and increase school connectedness. A Positive Based Intervention Support (PBIS) team meets once a month to discuss positive behavior interventions and plan ways to improve student behavior on campus. Additionally, an iCAN attendance team meets on a weekly basis to track students at risk of chronic absenteeism and plan interventions and rewards to improve student attendance. Furthermore, a Student Success Team (SST) meets on a weekly basis as needed and teachers are encouraged to bring any student before the team who is experiencing difficulty in the areas of attendance, behavior, or academics. The SST team includes the classroom teacher, the Speech/Language Specialist, the Language Arts Specialist, the Specialized Academic Instructor, the School Psychologist, the parents of the child, an administrator and when needed, the school counselor or the English Learner Resource Teacher.

MISSION STATEMENT

2021-22 School Overview

Providing an extraordinary education in an inspiring environment with caring people.

VISION STATEMENT

Unlocking the potential of tomorrow by building confident, innovative learners today.

BELIEF STATEMENTS

Children are our first priority. Therefore we believe....

All students can learn.

Student growth, academic performance, and positive personal development are the highest measures of student and district success.

Trust, integrity, respect, citizenship, honesty, responsibility, commitment, and pride are the foundations on which our district is built.

Students should understand and respect the origin of the nation, the law of the land, and the principles of our democracy.

Parent and community involvement in our schools is crucial to the academic success of our students.

Knowledgeable, motivated, and inspired employees assure the success of our students.

Everyone has the right to learn and work in a safe, healthy, orderly, and clean environment.

The district operates efficiently and effectively through focused leadership, fiscal responsibility, and open communication, with a strong academic program as the top priority.

BOARD GOALS

Educational Achievement

Assure the highest level of educational achievement for all students.

Learning Environment

Provide a safe, engaging environment that promotes creativity, innovation, and personalized learning

Fiscal Accountability

Financially support the vision, mission, and goals of the District by maximizing resources, controlling expenses, and managing assets to ensure fiscal solvency and flexibility.

Staff Development

Implement a staff development plan as the cornerstone of employee performance and growth.

Student Well-Being

Provide social, emotional, and health service programs, integrated with community resources, to foster student character and personal well-being.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>

School Facility Conditions and Planned Improvements

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Prospect Avenue School's original facilities were built in 1960; ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A work order process is used by school and district staff to communicate non-routine maintenance requests. Emergency repairs are given the highest priority. The campus was modernized Summer, 2012. PE locker rooms were renovated during the 2017 school year. A new single story learning resource center with large open collaborative spaces and a new library was completed in the spring of 2021.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

SARC Reporting in the 2020-2021 School Year Only

Where the most viable option, LEAs were required to administer the statewide summative assessment in ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

- Aligned with CA CCSS for ELA and mathematics;
- Available to students in grades 3 through 8, and grade 11; and
- Uniformly administered across a grade, grade span, school, or district to all eligible students.

Options

Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:

- Smarter Balanced ELA and mathematics summative assessments;
- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

The 2019-2020 data cells with N/A values indicate that the 2019-2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019-2020 school year.

The 2020-2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020-2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020-2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020-2021 school year to other school years.

Subject	School 2019-20	School 2020-21	District 2019-20	District 2020-21	State 2019-20	State 2020-21

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2021-22 Opportunities for Parental Involvement

Parental involvement at PRIDE Academy is of the utmost importance. It is our belief that it is an essential component in making our school a success. Parents contribute to a positive school environment by first understanding what a Title I school is. Our parental involvement policy is developed through our School Site Plan. Annually this plan is discussed and revised. The policy is reviewed by our School Site Council, ELAC Committee and PTA, which is made up of parents, teachers, and staff. In the beginning of the year, letters are sent home with students describing our Title I program and other non-Title 1 programs. PRIDE Academy ensures that the Parental Involvement Policy is carried out throughout the year. Through the School Site Council and English Learner Advisory Committee, the school meets annually with parents to review the Site Plan and the Parental Involvement Policy making adjustments to the policy as needed. Assorted monthly meetings throughout the year allows for all parents who are interested in school programs to be a part of the decision-making at PRIDE Academy. Through the events listed below and notices sent home, parents are provided with an explanation of the curriculum, assessments, and proficiency levels students are expected to meet.

Through parent-teacher conferences, phone calls home, written and electronic communication as well as e-mail, parents are provided with opportunities to participate in decisions relating to the education of their children. This Parental Involvement policy is periodically updated to meet the changing needs of the parents and the school.

The following are ways in which parents may become actively involved in the Title I Program.

- School Site Council
- PTA Meetings
- English Language Advisory Committee

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions and Expulsions

This table displays suspensions and expulsions data collected between July through June, each full school year respectively. Data collected during the 2020-21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Subject	School 2018-19	School 2020-21	District 2018-19	District 2020-21	State 2018-19	State 2020-21

Expulsions	0.00	0.00	0.00	0.00	0.08	0.00

This table displays suspensions and expulsions data collected between July through February, partial school year due to the COVID-19 pandemic. The 2019-2020 suspensions and expulsions rate data are not comparable to other year data because the 2019-2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-2020 school year compared to other school years.

2021-22 School Safety Plan

The Comprehensive School Site Safety Plan was developed for PRIDE Academy at Prospect Avenue School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan was reviewed and updated by school staff in December 2021 and approved by the School Site Council on November 8, 2021.

2020-21 Types of Services Funded

Santee School District receives State and Federal funding. State funding, through the Local Control Funding Formula (LCFF), is allocated to a variety of funding sources based on the eight State priorities, District priorities, and annual stakeholder feedback. The eight State priorities are:

1. Basic Services
2. Implementation of Common Core Standards
3. Parent Involvement
4. Student Achievement
5. Student Engagement
6. School Climate
7. Course Access
8. Other Student Outcomes

Federal funding, Title I, Title II, and Title III, provides additional funding for intensive interventions, increased parental involvement, quality professional development for teachers and principals, and increased instructional support for English Learner students.

All funding sources are monitored and maintained through each school site's School Plan for Student Achievement and the District Local Control Accountability Plan.

Professional Development

PRIDE Academy prioritizes professional development for teachers to make gains towards the school and district goals. All training and curriculum development activities at PRIDE Academy support the implementation of Common Core Content Standards, State curricular frameworks, and the Santee School District goals for literacy and safety.

The district is continuing to support the Cognitively Guided Instruction (CGI), Guided Reading, and Next Generation Science Standards cohorts through off-site professional development. Additionally, PRIDE teachers in grades 3-5 are participating in a district pilot group that is examining focus standards.

In addition to district provided trainings, PRIDE Academy offers all teachers trainings at the school site. These trainings are either provided by releasing teachers during the school day, or at after school staff meetings. Decisions concerning selection of staff development activities are performed by the principal, district administrators, and grade level representatives using tools such as teacher input, district benchmark and state CAASPP results, data analysis, and focus groups to determine the areas in which additional teacher training may enhance classroom instruction and increase student achievement levels. PRIDE Academy offers support to new and veteran teachers through peer coaching and mentoring. Through a series of Administrator walkthroughs with written feedback, and formal evaluations, all teachers receive feedback on a regular basis. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job related training from department supervisors and district representatives. The 2021-2022 school site trainings include COVID related school reopening logistics, learning intentions and success criteria, best practice discussions amongst cross-grade level teams, teacher-led classroom walkthroughs, and Impact Team PLCs to examine student work and data.

In addition, teachers plan with their peers and teammates on a weekly basis and meet regularly with administration and counselors to address the social emotional concerns of students. Furthermore, staff currently uses and reviews PBIS, Safe School Ambassador tools, Second Step, and community circles to address misbehavior and increase school connectedness.

This table displays the number of school days dedicated to staff development and continuous improvement.

2020-21 Local Accountability Report Card (LARC) Addendum

Local Accountability Report Card (LARC) Addendum

2020-21 Local Accountability Report Card (LARC) Addendum Overview

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
